(1973-2011)

Grand Blanc's 1979 team became the first Big Nine Conference squad to sweep a flighted league tournament, capturing all seven flights – four singles and three doubles. The Big Nne crowed a singles and a doubles champion in 1973 and '74 before going to a seven-flight system in 1975. The 1979 Bobcats also took second place at the Class A state tournament.

Ray Giguere led Carman High and Carman-Ainsworth to five Big Nine Conference championships in a six-year span from 1982-87. It is the most titles won by a non-Grand Blanc coach.

*Denotes that Sue Schupack took over Carman-Ainsworth's team at 8 a.m. on May 8, 2003 (the day of the Big Nine tournament) when Cavaliers athletic director Bob Root suspended then-coach Doug Carey for the remainder of the season. Carey was suspended for a series of behavioral problems that showed a lack of responsibility in directing the team. He was officially removed from his coaching position in June of 2003.

¹² The Big Nine Conference dropped its two-thirds/one-third system in favor of a 50/50 system. In the two-thirds/one-third system, the conference dual meets counted two-thirds and the conference tournament counted one-third towards determining the overall league champion. With the 50/50 system, the duals and conference tournament each count 50 percent towards the overall championship.

Notes:

1. Grand Blanc won an amazing 151 of the 258 (58.5 percent) of the flight championships awarded during the school's 37 seasons in the league. The Big Nine crowned a singles and doubles champion from 1973-74 before going to a seven-flight system – four singles and three doubles – from 1975-2000. The No. 4 doubles flight was added in 2001. The Big Nine ended its 40-year run after the 2011-12 school year.
2. There were four sweeps in Big Nine history. Grand Blanc won both flights – singles and doubles – in 1974, all seven flights in 1979 and all eight flights in 2008. Flushing won all eight flights in 2011.
3. Grand Blanc is the only Big Nine team to win at least one flight championship every year.
4. Flushing swept all eight flights at the final Big Nine Conference tournament in 2011. The Raiders also won all six of their Big Nine duals by 8-0 scores, giving the program a 64-0 record in league matches.

Biggest dual meet in Big Nine Conference boys tennis history

April 22, 1980

Flushing 4, Grand Blanc 3

At Flushing

Flushing's Curtis Wright (above) hits a forehand shot during a No. 1 single match in the Flint Junior Open on Wednesday, Aug. 5, 1981 at Flint Tennis Club.

Under the guidance of the legendary coach Art Vince and a gangly left-hander named Curtis Wright (pictured below), Flushing downed Grand Blanc, 4-3, to become the first Big Nine Conference team to beat the Bobcats. The historic victory was clinched when Wright beat Grand Blanc's Tom Johnson, 7-6, 6-3, at No. 1 singles.

The Raiders' triumph ended Grand Blanc's string of consecutive Big Nine dual-meet victories at 66. Later on that season, Flushing would become the first Big Nine team, other than Grand Blanc, to win the overall conference title.

Holly's 2020 boys tennis team and coach Will Sophia captured a share of the Metro League championship. It was the Bronchos' Metro record 28th league title in boys tennis.

Notes:

*Holly went undefeated in Metro duals and won the league tournament to capture the Metro title. After the tournament was played, Holly was forced to forfeit the league tournament and overall Metro championships to Fenton because of a controversial eligibility issue at the tournament.

***Because of the COVID-19 pandemic, the Metro title was decided solely by dual-meet records. There was no Metro season-ending tournament. Flushing and Holly both went 7-0-1 in duals to share the league crown.

2. Holly recorded the only sweep in Metro League history when it won all eight flights in 2005.
3. The Metro used a seven-flight system – four singles and three doubles – from 1973-2000. The No. 4 doubles flight was added in 2001.
4. Holly won at least one flight from 1984 to 2018 – 37 straight seasons. The streak ended in 2019 when Flushing won five flights and Fenton captured three flights.
5. The flight winners at the Metro League tournament earned first-team All-Metro honors from 1973-2019. The Metro went to a system where teams get a certain number of first- and second team players based on where they finish in the final league standings in 2020.
6. Holly ended the 2019 season with a 6-2 league dual-meet record. It was the first time the Bronchos lost two or more league duals since it went 4-2 in 1979. Holly lost to Fenton and Ainsworth in 1979. Holly ended the 2021 season with a 5-3 league mark, which represented the first time it has lost three league duals in a season since it ended 1-3 in the Metro in 1976.

“A night and a day in Ortonville”

Sept. 21, 2010 and Sept. 24, 2010

Ortonville Brandon 4, Holly 4

ORTONVILLE – It was supposed to be a normal high school tennis match.

But there was no way it was going to be anything but special.

Night matches and 50 dual-meet winning streaks can hardly be considered normal. After one night and one day of competition, Brandon sophomore Nick Skinsacos (pictured on the right being carried off the court by his teammates) edged Holly junior Colton Richards 7-6 (10-8), 2-6, 7-5 at No. 4 singles, knotting the final score at 4-4.

The tie ended the Bronchos' Flint-area record 50 dual-meet winning streak. Holly had not left a dual without a victory since a 6-2 loss to Brighton on April 20, 2004. The Bronchos had won a Metro League record 62 straight duals with their last blemish being a 4-3 loss at Lapeer West on April 29, 1999.

Holly and Brandon were forced to play the first night tennis dual in Flint-area history on Sept. 21, 2010 because of prior scheduling conflicts. The Bronchos and the Blackhawks each had matches scheduled that day – Holly hosted Lapeer West and Brandon hosted Clio – before playing each other.

The Holly-Brandon dual was moved from Brandon High to the school district's Harvey Swanson Elementary School because its eight-court facility is equipped with lights. The match began at 6:45 p.m. and it didn't take long for it to become a legend.

With both teams pulling off upsets, the teams were tied 3-3 after the first six matches came off the courts. Holly assured itself of at least a tie when junior Sam Caldwell (photo on the left) upset Brandon senior McKenzie Walsh, 4-6, 7-6 (8-6), 6-2, at No. 2 singles to give the Bronchos a 4-3 lead.

With Skinsacos leading Richards late in the third set in the dual's final match, the lights clicked off at 10 p.m., forcing the dual to be postponed. The lights at Harvey Swanson Elementary School are hooked up to a timer that is set to go on at 7:30

p.m. and go off at 10 o'clock sharp.

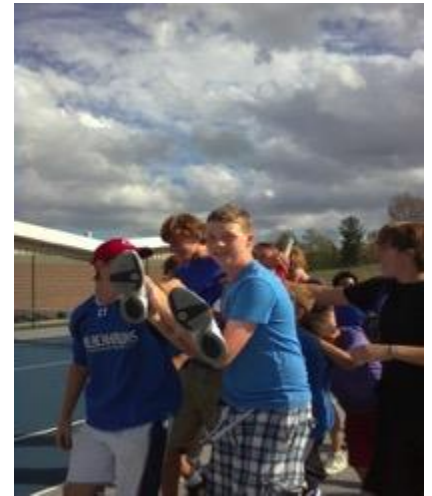

The match was supposed to be completed on Sept. 22, but it ended up being pushed back to Sept. 24 because Holly was not able to get a bus on Sept. 22. When play resumed on Sept. 24 at Brandon High School, Skinsacos lost the first game and then won the next two to win the match and tie the final score. The tie put both teams at 6-0-1 in the Metro.

Flushing snaps Holly's Metro League record 107-league match unbeaten streak

Flushing's 2018 tennis team and head coach Ian Thomas (back row far left) celebrate after posting a 5-3 dual-meet victory over Holly on Sept. 6, 2018. The Raiders' triumph ended the Bronchos' Metro League record 107-league dual match unbeaten streak.

FLUSHING – If Flushing's Jake Besko and Matt Birchmeier were not aware of the last time Holly's boys tennis team dropped a Metro League dual, the Raiders' No. 1 doubles team can hardly be faulted for their memory lapse.

That's because neither if they were born the last time it happened.

Besko and Birchmeier pulled off one of the most memorable flight victories in Flint-area history when they downed Holly's Garrett VanGilder and Garrett Reid, 6-4, 6-3, on Sept. 6, 2018 to give Flushing a 5-3 triumph over visiting Holly.

The Raiders' victory ended Holly's 107-match Metro League dual-meet unbeaten streak. The Bronchos had not left a league match on a losing note in 19 years, dating back to a 4-3 setback on April 29, 1999 at Lapeer West.

Flushing improved to 1-0 in the Metro while Holly fell to 0-1.

Before its loss to the Raiders on Sept. 6, the Bronchos had gone 105-0-2 in their previous 107 league matches, with their only blemishes being 4-4 ties with Brandon on Sept. 21, 2010 and on Sept. 1, 2011.

Holly's streak is not only a Metro record, but it is the longest unbeaten streak, within a league, in Flint-area history.

Flushing started off fast on Sept. 6, winning Nos. 1, 2, and 3 singles to take an early 3-0 lead. Holly came back and captured No. 4 singles before the Raiders won at No. 4 doubles to seize a 4-1 advantage with three matches left.

Besko and Birchmeier then administered the knockout punch to Holly, fashioning a straight-set victory at No. 1 doubles.

Andrew Kearney (No. 1), Scott Branham (No. 2), and Chase Ward (No. 3) won singles matches and Reid Plamondon and Cameron Gray won at No. 4 doubles for Flushing.

Flushing's No. 1 doubles team of Jake Besko (on he left) and Matt Birchmeier (on the right) celebrate after winning a point in the Metro League tournament championship match against Holly's Jack Terry and Matthew Moller on Oct. 3, 2018 at Flushing. The Flushing tandem won the match, 6-1, 6-2, to capture the Metro title.

For Holly, Leyton Reister won at No. 4 singles, Wyatt Caldwell and Christian Sells took top honors at No. 2 doubles, and Trey Ridgeway and Jack Terry captured No. 3 doubles.

The triumph represented Flushing's first dual-meet victory over the Bronchos in 36 years, dating back to a 4-3 triumph on April 21, 1982 at Holly.

The two programs met in dual-meet competition seven times between 1973-82, with the Raiders winning five of the first seven contests.

After not facing each other in duals for 30 years, the series resumed when Flushing joined the Metro in the fall of 2014. Holly won the first four matches between the two schools before the Raiders victory on Sept. 6.

Flushing's triumph squared the overall dual-meet series between the two programs at six matches apiece.

The Raiders put an exclamation point on their 2018 Metro season when they captured the league tournament on Oct. 3, 2018 on their own courts, to secure the outright Metro championship.

It is Flushing's first league title since it captured the last three Big Nine Conference crowns from 2009-11.

Saginaw Valley League notes

1. Owosso was a member of the Saginaw Valley Conference from 1932 to 1952.
2. The SVC used a divisional system (East/West) that crowned two champions from 1970 to 1980.
3. Midland Dow joined the Saginaw Valley Conference at the beginning of the 1971-72 school year. The Chargers competed in the SVC for five years before going independent after the 1975-76 school year. Dow rejoined the Valley at the beginning of the 1981-82 school year.
4. The SVL used North and South Divisions from 2012-15, crowing divisional champs based on dual-meet records and an overall league champion based on the league tournament. The SVL scraped the divisional concept and went back to being a one 12-team league in 2016.
5. The former Big Nine Conference schools, Flushing, Flint Carman-Ainsworth, Davison and Flint Powers Catholic, along with independent Flint Northwestern, joined the SVC at the beginning of the 2012-13 school year. The SVC was split into two divisions, crowning league champions in each based on dual-meet records. The overall league champion went to the winner of the league tournament, consisting of all 15 SVC teams. The SVC also started picking two all-league teams (North and South), two players of the year and two coaches of year.
6. Saginaw Arthur Hill has not fielded a boys team since the spring 2007 season.
7. Flint Central closed at the end of the 2008-09 school year.
8. Flint Northern did not field a team from 2003-04 and from 2006 until its closure at the end of the 2012-13 school year.
9. Flint Northwestern left the SVC after the 2001-02 school year. The Wildcats returned the SVC at the beginning of the 2012-13 school year but they did not field a boys team from 2012-13.
10. Bay City Handy left the SVC after the 1979-80 school year to join the White-Pine Conference in 1988, and ultimately closed its doors after the 1989-1990 school year, only to be later opened as T.L. Handy Middle School.
11. Pontiac Central left the SVC at the end of the 1994-95 school year.
12. Flushing left the SVL at the end of the 2013 season to enter the Flint Metro League.
13. Saginaw High did not field a team in 2017
14. Flint Southwestern and Flint Northwestern entered a cooperative agreement the beginning of the 2017-18 school year. The team was called the Flint Jaguars, and it competed in the SVC during the 2017 season. Because of a lack of participation, Flint cancelled its team at the beginning of the 2018 season, ending 87 seasons of boys tennis in the SVC and 91 overall for the city of Flint.
15. Grand Blanc joined the SVC at the beginning of the 2018-19 school year.
16. Because of the COVID-19 pandemic, the SVL held a team tournament to decide the league title instead of an individual tournament. Midland Dow beat Grand Blanc, 7-1, in the championship match to win the overall league championship.

Flint Southwestern's Robert Sorscher captured Saginaw Valley Conference East Division and Flint City Series titles at No. 1 singles in 1977.

Notes:

*This was the first year for the Saginaw Valley Tournament. The first East (E) and West (W) Division tournaments were held on May 14, 1976 at both Midland and Midland Dow High Schools. Before 1976, the SVL title was decided by dual-meet records. Under the new format, the duals and tournaments each counted 50 percent towards determining the overall league champion.

Key: S = Spring, F = Fall.

Flint city boys high school tennis ends after 91 seasons

FLINT – Finding an empty tennis court to hit serves, volleys, and overhead slams on at one of the Flint public high schools in late 1970s was hard to come by.

When practice opened in the spring, the courts at Flint Central, Flint Northern, Flint Northwestern, and Flint Southwestern were jammed with a full compliment of players.

Good luck getting court time.

Beginning in the mid 1990s, the numbers at each city school began to drop, and gradually schools began to close their doors.

Before the start of the 2018 season, because of a lack of participation, the district was forced to cancel its final boys program – Flint Jaguars – ending 91 seasons of high school boys tennis at public schools in the vehicle city.

Central and Northern both fielded teams for the first time in the spring of 1928, and quickly Flint became a hotbed for tennis.

The Indians and the Vikings combined to win nine regional championships and log six top-10 finishes at the state tournament from 1929-50.

Northern captured the Class A-B state championship – one of only two won by any Flint-area boys teams – in 1930, and the Vikings'

Herman Struck and Roscoe "Buck" Burgess captured the state doubles championship that same year.

The city series began in 1929, and Central quickly became the team to beat. The Indians won 23 of the first 30 city titles, including a city record 14 straight crowns from 1945-58.

The Saginaw Valley League began play in 1932, and the two Flint teams combined to win or share 14 of the first 23 league championships.

The city swelled to four teams with the opening of Flint Southwestern in the fall of 1959 and Flint Northwestern in 1964.

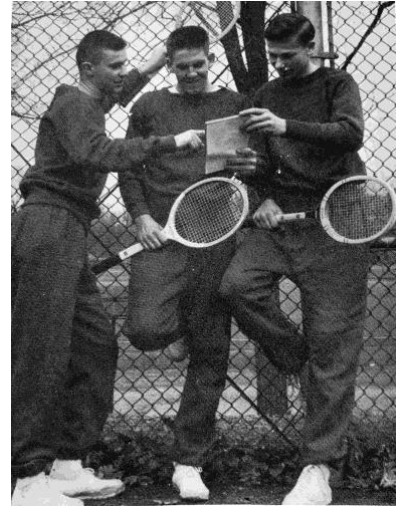

The first city tournament, which included Powers Catholic (a private school) was held on May 27, 1971 at Swartz Creek Golf Course. Central took top honors with 14 points, six more than runner-up Northwestern (eight).

The Indians' Mike Czarnecki snared the first city No. 1 singles title, beating Northwestern's Jan Stannard, 6-3, 6-

0, in the championship match.

During the tournament era, Southwestern would emerge as the top Flint school, winning or sharing 27 of the final 42 city titles. The Colts captured back-to-back SVL East Division championships in 1973 and '74, and they logged three top-10 finishes at the Class A state tournament in 1974, '77 and '78, with their best finish being fifth place in '78.

A fifth Flint public school, Flint Academy, opened in fall of 1976, and it fielded a boys tennis team from 1978-88. The school combined with Flint Southwestern to form Flint Southwestern Academy in the fall of 1988.

Flint Central tennis players Jerry Prescott, Jack Millard and Dale Jenson scan the Indians' 1951 schedule.

Flint Northern boys tennis coach Jack Marlette (center) shows Joe Kolder and John Vukovich the correct way to hold a tennis racquet.

While Academy would not compete in the city series, it would feature some of the best teams and players in the city.

The school took third place at the Class C-D state tournament in 1988, and its top player, Phil Krueger, became the first and only city player to win a state championship at No. 1 singles in 1988.

The four Flint Class A schools would remain competitive outside the city from the 1980s to the mid 1990s. Northern captured back-to-back SVL West Division titles in 1979 and '80 – the last two SVL crowns won by city teams – and Central qualified for the Class A state tournament as a team in 1988 and '95.

Primarily because of socioeconomics and declining enrollment, city tennis began its decent in the late 1990s.

The 2000 city tournament represented the first time that none of the four schools were able to field a full team. Southwestern had 11 players, Central brought 10, Northern had nine, and Northwestern failed to show up for the tournament. A full team is comprised of 12 student-athletes.

Central was the first Flint school to close, shutting its doors for good at the end of the 2008-19 school year. Northern fielded its final team in the spring of 2005, and the school was closed at the end of the 2012-13 school year. Northwestern fielded its last team in the fall of 2011, and Southwestern captured the final city tournament that season.

Northwestern and Southwestern combined athletic programs in the fall of 2017, with the cooperative teams being renamed the Flint Jaguars.

Northwestern ceased to be a traditional high school – the building currently serves as the district's Accelerated Learning Academy – at the end of the 2017-18 school year.

During its only season of competition, the Jaguars posted a 0-11 mark in the fall of 2017. The program was cancelled before the start of the 2018 campaign because of lack of participation.

Northwestern tennis coach Les Dodson (center) talks No. 1 singles player Jan Stannard and Wildcats team captain Kelly Hago before the team's first practice of the 1970 season.

Flint Southwestern's Jeff Coggins hits a diving forehand return during a match in the mid 1970s. Coggins won city titles at No. 1 singles in 1972 and '74, and he won a Class A regional title 1974.

In its final 21 seasons, the city had only two players qualify for the state tournament at No. 1 singles in Northern's Tony Du (Division 2) in 1998 and Southwestern's Paul Farah (Division 4) in 2010.

Central won the city series with 46 championships, Southwestern was second with 29, Northern came in third with 11, and Northwestern finished with two. Southwestern players appeared in the city tournament No. 1 singles championship match 34 times, and they won 24

Garth Frost led Flint Southwestern to four straight Flint City Series titles from 1982-85. He died on March 24, 2011 at the age of 82.

Denny Margoni led Southwestern's boys teams to six city championships and three top-10 finishes at the Class A state tournament, including a fifth-place finish in 1978.

¹³ At the beginning of the 1988-89 school year, Flint Southwestern and Flint Academy combined to form Flint Southwestern Academy. Flint Southwestern Academy went back to being Flint Southwestern at the beginning of the 2007-08 school year. The school will always be referred to as Flint Southwestern in this book.

City notes

1. The first city boys tennis tournament was held on May 27, 1971 at Swartz Creek Golf Course.
2. Flint Southwestern became the first city school to sweep all seven flights at the city tournament in 1983. Flint Southwestern won all seven flights in 1989 and Flint Central won all eight flights in 1996.
3. In 1996, the Saginaw Valley Conference and the City Series added a fourth doubles flight.
4. The 2000 city tournament marked the first time since the tournament's inception in 1971 that not one of the city schools could field a complete team. Flint Southwestern had 11 players. Flint Central brought 10 and Flint Northern had nine players. Flint Northwestern failed to show up for the tournament. A complete team is 12.
5. The 2009 city tournament featured only teams from Flint Southwestern and Flint Northwestern, representing the fewest teams in the tournament's 40-year history. Flint Northern did not have a team and Flint Central closed at the end of the 2008-09 school year. The 2009 season also marked the first time since the spring of 1959 that there were only two Flint schools that had boys' tennis teams.
6. *There was no city championship awarded in 2012 and '13 because Flint Southwestern was the only city school with a boys' tennis team. Flint Northern and Flint Northwestern canceled their 2012 seasons before playing a match. Northern was closed following the 2012-13 school year and Northwestern did not field team again in 2013. Flint Central and Flint Northern both started boys programs in 1928 and the City Series championship was first awarded in 1929. Flint Southwestern fielded its first team in 1960 and Flint Northwestern started playing in 1965.
7. The Flint schools combined athletics between Flint Southwestern and Flint Northwestern at the beginning of the 2017-18 school year. The new team is called the Flint Jaguars, and it played at the Flint Southwestern campus.
8. Because of a lack of participation, the Flint Jaguars did not field a boys team in the fall of 2018, ending 91 seasons of boys tennis in the city of Flint. Flint Central and Flint Northern both fielded teams for the first time in the spring of 1928, and there was at least one city school with a boys team through the end of the 2017 winter campaign. Boys tennis switched from a spring sport to a fall sport in the fall of 2007, meaning the boys played back-to-back seasons in the spring and fall of 2007. When you add in the extra 2007 season, it comes to 91 seasons of boys tennis for Flint.

KLAA Notes:

1. The Kensington Lakes Activities Association was formed when the Kensington Valley Conference and the Western Lakes Activities Association merged at the beginning of the 2008-09 school year.
2. Grand Blanc plays in the KLAA West Division. KLAA Divisional championships are determined by a dual-meet records. The Bobcats became the KLAA's 24th member in the fall of 2009.
3. The KLAA has two conferences – Lakes and Kensington. The North and West divisions are in the Lakes Conference and the Central and South divisions are in the Kensington Conference. Each conference has its own tournament.
4. After the Lakes and Kensington tournaments (2008-10), the winners of each conference play each other in a dual to determine the overall KLAA champion. This format was disbanded after the 2010-11 school year.
5. At the beginning of the 2011-12 school year, the KLAA changed the way it crowns an overall association champion. Instead of dual between the two conference champions, the top three teams in each of the four divisions play in the KLAA "A" tournament, with the winner being named KLAA Association champion.
6. Tim Wang won back-to-back Division 1 state championships at No. 1 singles in 2013 and '14, beating Connor Johnston in the championship match each year. Novi captured the Division 1 team state championship in 2014.
7. Because of the departure of 10 schools, the membership in the Kensington Lakes Activities Association shrunk to 14 for the 2017-18 school year. As a result, the KLAA scrapped its four divisional alignment and went to two divisions – Black and Gold. Grand Blanc competed in the Gold, and it took third place with a 3-2 dual-meet record. Novi finished it first place at 5-0, and Northville came in second at 4-1. The KLAA held a season-ending association championship tournament, which consisted of the top four teams in the Gold and top three teams in the Black.
8. Grand Blanc was kicked out of the KLAA because its opponents felt Grand Blanc was took far to travel to at the end of the 2017-18 school year.

The MHSAA added an eighth flight (No. 4 doubles) at the beginning of the 2000-01 school year. Because of the COVID-19 pandemic, the state used a team dual-meet tournament in the fall of 2020. Powers ended the 1987 dual-meet season at 7-1 in the Big Nine, one game behind undefeated Carman-Ainsworth (8-0). Even though the Chargers captured the league tournament and the Cavaliers took runner-up honors, Carman-Ainsworth captured the overall league title because of its unblemished dual-meet record. Broken Racquet

Greater Flint Area boys tennis on the decline

FLINT – Broken tennis racquets can rarely be repaired, and they can compromise one's performance.

Still, certain things, like broken strings, head guards, and butt caps can be fixed or replaced.

Flint-area boys high school tennis has been on a fast, steady decline over the last 13 years, and whether it is capable of being repaired is unknown.

A record low of 16 Flint-area teams – only eight of which were situated in Genesee County – competed in regional tournaments on Oct. 10 and 11, 2018.

When you consider the area boasted 27 teams in the spring of 1983, and as many as 25 in the fall of 2005, the future of the sport in the area is in grave danger.

Where have the teams gone?

The sport's switch from a spring offering to a fall activity, school consolidations, and the recent trend of declining enrollment in public schools are easily the main reasons for the sport's fall.

Boys tennis switched from being a spring sport to a fall activity in the fall of 2007, and its participation numbers have been in a steady decline every since.

According to Michigan High School Athletic Association records, there were a total of 8,517 players at MHSAA member schools in the spring of 2007 – the sport's final season in the spring. There were only 6,077 participants in the fall of 2016.

Public schools have been hit hard by declining enrollment, forcing several area schools to either close or consolidate operations.

Carman High and Ainsworth, both one-time powerhouses in boys tennis, combined to form Carman-Ainsworth in the fall of 1986.

Carman-Ainsworth cancelled its boys team before the start of the 2015 season because of a lack of participation.

Lapeer East and Lapeer West combined to form a new Lapeer High in the fall of 2014, and the Flint school district has gone from having four high schools - all of which had boys teams – to one over the last 10 years.

Boys tennis ceased to exist in the city after its final squad – Flint Jaguars (the old Flint Southwestern) – cancelled its program because of a lack of participation before the start of the 2018 season.

Socioeconomics also caused two of the area's top tennis feeder systems - Genesee Valley Tennis Center and Flint Swim and Racquet Club – to close up shop.

Can the proverbial broken racquet be fixed?

Boys tennis will never completely disappear from the Flint-area athletic landscape, but because of certain political barriers, and the socioeconomics of the area, it is very unlikely more teams will be formed.

After a program is cancelled, it is very difficult to bring it back, and with tight school budgets, starting up a new program might not be a good idea.

Enjoy your program while you have it.

Girls Tennis

Lapeer West's Monica Rincon is the only girl in Flint-area history to win a state championship at No. 1 singles, having taken top honors in Division 2 in 1997. She was a two-time All-State pick for the Panthers in 1996 and '97 before earning All-American honors in doubles at Ohio State University in 2001. She was inducted into OSU Athletics Hall of Fame on Sept. 27, 2013.

Girls state tournament results

Imlay City's Grace Whitney gets ready to return a shot during a No. 1 singles contest in a Division 3 regional tournament. Whitney took runner-up honors at the top flight at the Division 3 state tournament in 2017. She was a three-time Blue Water Area Conference Player of the Year (2015-17), a two-time Division 3 All-State first-team pick (2016-17), and in the spring of 2017 she became the first girl in Flint-area history to be a finalist for the Michigan High School Tennis Coaches Association Miss Tennis Award. The Spartans' valedictorian boasted an accumulative 4.0 grade point average, and she was a National Merit finalist. She played at Wright State University (Fairborn, Ohio) right out of high school before transferring to Eastern Michigan University in Ypsilanti. Both Wright State and EMU are Division 1 programs.

Notes:

1. The Journal awarded a player of the year in 2009 but no coach of the year. Because of major changes at The Journal in the spring of 2009, All-Area teams, which featured both Player of the Year and Coach of the Year awards, were suspended. Instead, The Journal published a Dream Team – top area player in each sport. The Journal reinstated All-Area teams at the end of the 2009 fall sports season. The 12-player All-Area tennis team was replaced with a five-player Dream Team and a Coach of the Year in the spring of 2011.
2. The Journal selected a Dream Team Tennis Player of the Year in 2013, '14 and '15. The Journal has not selected a coach of the year since the 2012 season.

¹At the start of the 1976-77 school year, the Michigan High School Athletic Association changed the state tournament format to that of a team tournament with the top two teams in each regional and the winner and runner-up at No. 1 singles advancing to the state finals.

²Grand Blanc played in the Class A regional at Rochester. It tied for second place with Port Huron Northern. The Bobcats lost out on going to the state finals, as a team, when they lost a playoff to Port Huron Northern.

³Grand Blanc played in the Class A regional at Rochester.

⁴The MHSAA altered the team format to allow all teams that score 16 points to qualify for the state finals.

⁵The 1996 girls' tennis season marked the end of the state's class structure. At the conclusion of the 1996-97 school year, the MHSAA dropped the class format in favor of a divisional format.

2015	Cadillac (22)	Big Rapids (10)	None

Area results: 2015: 3. Clio 9; 4. Bay City John Glenn, Goodrich, Corunna 5.

Notes:

1. Clio missed the state's minimum state-qualifying standard by one point.
2. Because there were only six teams in the regional, the state's minimum qualification to advance to the state finals was reduced from 18 to 10 points.
3. Lake Fenton, Flint Northwestern and Flint Southwestern were supposed to be in the regional, but they did not end up participating. Lake Fenton and Northwestern did not field teams in 2015, and Southwestern, which had 14 girls on its roster, opted not to attend the regional the week before it was played. Southwestern had several girls that were scheduled to take an International Bachelorette test on May 14, and it could not be rescheduled. So, the Knights did not go.

Grand Blanc's Alicia Ambrose is the only girl in Big Nine Conference history to win four league titles at No. 1 singles (1991-94). She was also a four-time first-team All-State pick in Class A.

⁹ The Big Nine Conference changed its format for determining its overall champion from a two-thirds/one-third system to a 50/50 system. With the two-thirds/one-thirds system, the league dual-meets counted two-thirds and the season-ending tournament counted one-third towards determining the overall champion. In the 50/50 system, the duals and the tournament each count 50 percent towards determining the overall champion.

Biggest Dual meet in Big Nine Conference girls tennis history

October 5, 1988

Powers Catholic 4, Grand Blanc 3

At Powers

Sooner or later it had to come to an end. After dominating the Big Nine Conference since girls' tennis became a conference sport in 1974, Grand Blanc saw its string of 98 consecutive league dual-meet victories come to a halt when Powers Catholic beat the Bobcats, 4-3, on October 5, 1988.

The Chargers, later that season, would win the Big Nine Tournament and become the first conference school, other than Grand Blanc, to win the overall championship.

Doug Adams led Powers Catholic to six Big Nine Championships and 14 regional titles from 1986-99.

Notes:

1. *Teams played home and away dual meets against each other, with overall league champion was determined by team's dual meet records.
2. **The Metro League held its first girls league tennis tournament in 1978 at Durand. The tournament and the league duals both counted 50 percent towards determining the overall league champion.

Fenton girls tennis snaps Holly's 133-match Metro League unbeaten streak

FENTON – Sooner or later it had to come to an end.

Nothing lasts forever.

And it's not all that surprising that it was Fenton's girls tennis team that ended Holly's 133-match Metro League unbeaten streak on April 26, 2021 at Fenton.

Entering the 2021 campaign, Holly had only lost two Metro matches and tied three in the previous 37 league seasons, all of which were to Fenton.

On April 26th, the Tigers were once again the Bronchos' kryptonite.

Fenton captured three of the four singles matches and two of the four doubles flights to post a 5-3 victory over Holly at Fenton.

It is the first time the Bronchos' have left a league match on a losing note since they suffered a 5-2 setback to Fenton on Sept. 19, 1995.

The Bronchos played their match against Fenton on April 26, 2021 without five student-athletes who were in COVID-19 quarantine.

Holly went an amazing 129-0-4 during its Metro-record streak.

Besides its three ties with the Tigers, the Bronchos only other blemish during their streak was a 4-4 tie with visiting Clio on April 20, 2021.

Fenton was coached by Ken "Woody" Brackney.

Girls high school tennis ends at Flint public schools after 44 years

FLINT – Girls high school tennis began in the city of Flint in a big way in the mid 1970s.

It's ending this spring wasn't nearly as thunderous as its beginning.

All four Flint public schools – Flint Central, Flint Northern, Flint Northwestern and Flint Southwestern – fielded teams for the first time in the fall of 1975.

Over the last 12 years, Central and Northern were shuttered, and Northwestern ceased to be a traditional high school – the building currently serves as the district's Accelerated Learning Academy – at the end of the 2017-18 school year.

Southwestern, the lone remaining city public high school, saw its participation numbers continuously dwindle over the last several years.

The Michigan High School Athletic Association cancelled all of the 2020 spring sports season because of the COVID-19 pandemic. When teams statewide were given the go-ahead by the MHSAA to compete this spring, Southwestern did not have enough student-athletes to field a team, ending a 44-season run for girls tennis at Flint public high schools.

The first city title was contested in 1975 and it was decided strictly by dual-meet records, and Northern finished in first place with a 6-0 slate.

Southwestern came in second place at 4-2, Central finished third at 2-4, and Northwestern took fourth at 0-6.

The first city tournament took place on Oct. 7, 1976 at Northern, and the host Vikings dominated the four-team field, taking top honors with 13 points. Southwestern took runner-up honors with three points, and Central and Northwestern tied for third with two.

Northern would be the premier city program in the late 1970s, winning the first six city titles. The Vikings won 24 consecutive city dual meets from 1975-80 before seeing their streak end with a 5-2 setback to Southwestern in 1981.

Northern captured Saginaw Valley League titles in 1978 and '79, and it took runner-up honors in '76 and '77. The Vikings secured third-place finishes in Class A regional tournaments in 1975 and '79.

Northern had two individuals qualify for the Class A state tournament at No. 1 singles in Sue Bachman in 1981 and Erin Jeffes in 1994, both of whom took runner-up at the top flight in a regional.

Southwestern became the city's top team in the early 1980s, winning or sharing four straight city titles from 1981-84. The Colts' June Coggins won the SVL title and took runner-up honors at a Class A regional at No. 1 singles in 1979, and her sister, Janet Coggins, captured a Class A regional title at the top flight in 1981 before taking runner-up honors in 1983.

Central shared the 1984 title with Southwestern before capturing three consecutive outright championships from 1985-87.

Southwestern combined with Flint Academy to form Flint Southwestern Academy at the fall of 1988, **and** the Knights quickly became a dominating force, both inside and outside the city. SWA won or shared 21 of the last 24 city titles, including the final 13.

SWA's 1991 team fashioned a 15-0 dual-meet record, and it became the first and only city school to beat perennial state powerhouse Midland Dow when it upset the visiting Chargers, 4-3, on Sept. 17, 1991.

The Knights took runner-up honors at the SVL tournament, behind Dow, to capture a share of the SVL championship.

SWA also took third place in a Class A regional.

Audrey Smith took runner-up honors at No. 1 singles in a Class A regional in 1990 before winning both SVL and regional championships at the top flight in 1991.

Girls tennis switched from a fall sport to a spring offering in the spring of 2008.

The change in seasons, along with the drop in enrollments at the city schools, took the sport in negative direction in the city.

Central closed at the end of the 2008-09 school year.

Northern fielded its last team in 2010, and the school was shuttered at the conclusion of the 2012-13 school year.

The final city tournament between just Southwestern and Northwestern took place in 2011, with Southwestern finishing in first place.

The 2012 tournament was slated for May 14, 2012 at Southwestern, but it did not take place because Northwestern could not get a bus. It was rescheduled first for May 21 and then for May 22, but it was cancelled both times.

Because Southwestern had beaten Northwestern in the team's dual meet earlier in the season, the Wildcats ended up conceding the city title to Southwestern.

Northwestern cancelled its program at the end of the 2011-12 school year, ending the City Series.

Southwestern and its successor SWA won or shared 23 city titles, Central won or shared eight crowns, and Northern snared six. Northwestern never won a city championship.

Because of low participation numbers, Southwestern and Northwestern combined to form the Flint Jaguars cooperative team at the beginning of the 2017-18 school year. The team posted an 0-13 two-year record, including an 0-4 mark in its final season of 2019.

Flint Southwestern, and its successor Flint Southwestern Academy, captured a City Series record 23 city championships.

*Flint Southwestern was the only Flint city school to field a girls tennis team in the spring of 2013. Flint Northern did not field a team for the third straight year and Flint Northwestern did not field a team for first time since the sport's inception in the city in 1975. Based on past city precedent, city champions can be crowned either by dual-meet competition, finish at the city tournament, or a combination of both. Northern closed at the end of the 2012-13 school year, leaving Northwestern and Southwestern as the only Flint city schools. Northwestern has not fielded a girls team since 2012, and therefore there has not been a city championship the last three seasons. Flint Southwestern and Flint Northwestern combined to form the Flint Jaguars cooperative at the beginning of the 2017-18 school year.

Flint Southwestern's Audrey Smith is the only girl to win four City Series titles at No. 1 singles, having won four in a row from 1988-91

*The city tournament did not take place in 2012, representing the first time it had not been played since its inception in 1976. The tournament, which featured only Flint Southwestern and Flint Northwestern, was supposed to take place on May 14, but it was canceled because Northwestern could not get a bus. It was rescheduled for May 21 before being canceled because of inclement weather. It was rescheduled again for May 22, but it was canceled for the last time because Northwestern coach Derrick Johnson had a doctor's appointment. Because Southwestern beat Northwestern in the team's regular-season dual, Northwestern conceded the city championship to Southwestern. The 2011 season would be the last time Northwestern would field a girls tennis team, bringing the Flint City Series to an end. Flint Southwestern and Flint Northwestern combined to form the Flint Jaguars cooperative at the beginning of the 2017-18 school year.

Notes: The Saginaw Valley Conference annexed the remaining Big Nine Conference schools – Flint Carman-Ainsworth, Davison, Flushing and Flint Powers Catholic – at the beginning of the 2012-13 school year, and it split into North and South Divisions. SVC divisional champions were determined by dual-meet standings, with the overall league champion being decided by a season-ending league tournament that encompasses both North and South schools. Flushing left the SVL at the end of the 2013-14 school year. Lapeer East and Lapeer West combined to form Lapeer High at the beginning of the 2014-15 school year, and the new Lapeer Lightning team took Flushing's vacated spot in the SVC South. The Flint and Saginaw schools stopped competing in the SVC before the start of the 2016 spring season, and as a result, the SVC scrapped the North-South divisional format and went to one 10-team league.

KLAA Notes:

1. The Kensington Lakes Activities Association is a new league that began competition in all sports at the start of the 2008-09 school year.
2. Grand Blanc plays in the KLAA West Division. Divisional titles are awarded as a result of dual-meet competition.
3. The KLAA has two conferences – Lakes and Kensington. The North and West divisions are in the Lakes Conference and the Central and South divisions are in the Kensington Conference. Each conference has its own tournament.
4. Beginning in the 2009-10 school year, after the Lakes and Kensington tournaments, the winners of each conference play each other in a dual to determine the overall KLAA champion.
5. At the beginning of the 2011-12 school year, the KLAA changed the way it crowns an overall association champion. Instead of dual between the two conference champions, the top three teams in each of the four divisions play in a KLAA "A" tournament, with the winner being named KLAA Association champion.
6. Grand Blanc was voted out of the KLAA effective the 2018-19 school year by a 13-1 vote in March of 2017. Grand Blanc was the only school in the KLAA to vote for itself.
7. Because of the departure of 10 schools, the membership in the Kensington Lakes Activities Association shrunk to 14 for the 2017-18 school year. As a result, the KLAA scrapped its four divisional alignment and went to two divisions – Black and Gold. Grand Blanc competed in the Gold, and it took third place with a 4-2 dual-meet record. Northville finished it first place at 6-0, and Novi came in second at 5-1. The KLAA held a season-ending association championship tournament, which consisted of the top four teams in the Gold and top three teams in the Black.
